Make Your Own Dunk Bag Instructions

Alternate Dunk Bag: Use a garment or lingerie bag and weave a shoelace through for hanging.

Materials needed: 1/2 yd. of nylon net, 1 piece of nylon cord 36 in. long.
(2 long shoestrings tied together will do)

1. Fold the material in half lengthwise, and fold again making an 18 in. square, four layers thick. Sew up side seams and trim to 1/8 in. of stitching. Turn inside out.
2. Make a French seam by stitching again up the sides, enclosing the first seam **within** the second one. Turn inside out again. (Optional. . . stitch across bottom to re-enforce.)
3. Turn down a narrow hem and stitch all the way around top edge.
4. Turn down again a 3/4 in. hem and stitch all but 1/2 in. at 1 side seam. Back-stitch at beginning and end of this seam.
5. With a safety pin, thread the nylon cord (or shoestrings tied together) through opening and all around inside the hem and back out again.
6. Tied the two ends together and place utensils inside dunk bag. Pull on string to close bag.

Utensils should include: 1 dinner-size plastic plate 1 plastic cup with handle
1 plastic cereal bowl 1 each: knife, fork and spoon

Or a metal "Camp Cook Kit" from Girl Scout equipment or camping store. Put name or initials on all pieces.
