

Girl Scouts San Diego-Imperial Council Property Changes

Today's economy takes its toll everywhere, including Girl Scouts. In order to maintain and operate our facilities with the rapidly rising costs of materials and utilities, Council must increase facility use fees for all users. You, our membership, are our greatest priority, and we have kept that at the forefront of our minds in planning, and will continue to keep fees as low as possible while maintaining and improving our properties. Thank you for your patience and understanding.

- When are the changes effective? **Jan 1, 2009**
- Why is there a Night and Day price? Properties no longer need to be reserved for the entire weekend. Troops/SU will now be charged for each overnight use of the property they are renting. This means a troop can rent a property for just 1 night, allowing more troops to have single night overnight stays.
- Do troops and SU need to pay if they are just having a meeting? Yes, it is a minimal cost of \$10 for SU and \$8 for troops for each meeting. This applies to all Council properties.
- All information regarding property reservation can be found in the *Property Resource Guide* which will be available for all troop leaders/SU in January at any resource center location. You can also download it from the Council website.

Additional Questions?

Please contact Ann Pohlers via e-mail at apohlers@girlscoutssdi.org

New prices are listed on the reverse of this flier
