*“The work of today is the history of tomorrow, and we are its makers.”  
— Girl Scouts founder Juliette Gordon Low*

Our many successes in 2019 prove that Girl Scouts San Diego is strong and active as we fulfill our mission of building girls of courage, confidence, and character, who make the world a better place. We are the #BestPlace4Girls, preparing them with the leadership skills to turn their ideas into action. Through relevant programs focused on STEM (science, technology, engineering, and math), the outdoors, life skills, and entrepreneurship, Girl Scouts become resourceful and creative.

Within our all-girl, girl-led environment, and supported by dedicated and trained volunteers, Girl Scouts took the lead during 2019—in their lives and in the world! Highlights included:

- 23,899 STEM experiences that built girls' confidence (13% more 2018)
- 16,403 girls exploring the outdoors during camping weekends (25% more than 2018)
- 3 years of sustainable membership growth, an achievement celebrated by Girl Scouts of the USA
- 11,301 volunteers whose member experience was simplified and enhanced through in-person outdoor skills training, online trainings, and more community collaborations
- 1 National Gold Award Girl Scout, among the 10 girls who earned this prestigious honor

On behalf of our 35,000 girl and adult members, board of directors, and staff, thank you for supporting the critical work of developing tomorrow's leaders.

# GOLD TODAY. GOLDEN OPPORTUNITIES TOMORROW.

Bronze. Silver. Gold. These awards represent the highest honors Girl Scouts can earn. All three give girls the chance to grow in confidence as they design service projects that make our world a better place.

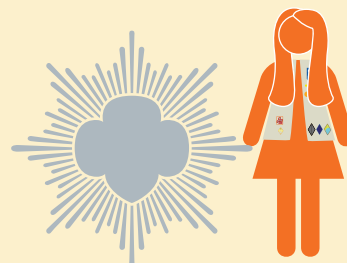

The Girl Scout Gold Award, Girl Scouting's highest achievement, is a top-tier credential for girls, enabling them to distinguish themselves in the college admissions process, earn college scholarships, and enlist in the military one rank higher.

Earned by just five percent of Girl Scouts annually, the Gold Award requires girls to demonstrate their leadership abilities by creating sustainable projects that address a local issue with a global link. Earning the award is often a multi-year process involving more than 80 hours of community service, education, and advocacy.

# ENTREPRENEURS TODAY. EXECS TOMORROW.

As cookie entrepreneurs, girls gain essential life skills and work as a team to accomplish common goals and solve problems. They build the confidence they will need to shine as girls, as young women, and as future leaders.

## 5 Skills

1. Goal setting
2. Decision making
3. Money management
4. People skills
5. Business ethics

*Elite Cookie Entrepreneurs reveal their 2019 package totals.*

When girls participate in the Girl Scout Cookie Program, they get more than life-changing experiences and adventure. They also develop essential life skills, soar in confidence, and practice leadership, the Girl Scout way. Together, they lift one another up and change the world.

U.S. service members via Operation Thin Mint<sup>SM</sup>

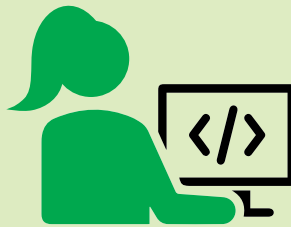

Girl Scouts use their cookie earnings to improve their communities. From helping animal shelters and feeding people who are homeless to raising awareness about bullying and making public areas more accessible, Girl Scouts can—and will—do anything they put their hearts and minds to.

# SCIENCE TODAY. BREAKTHROUGHS TOMORROW.

According to a recent study, Girl Scouts who participate in girl-focused STEM programs:

- Become better problem solvers, critical thinkers, and inspirational leaders
- Get better grades, earn scholarships, and follow more lucrative career paths
- See STEM as the foundation for a meaningful and successful future

# OUTDOORS TODAY. TRAILBLAZING TOMORROW.

From the backyard to the backcountry, Girl Scouts has a long, storied, and successful history of getting girls outdoors. And that's great news—because when Girl Scouts get outside, they:

- Discover they can better solve problems and overcome challenges
- Develop leadership skills, build social bonds, and are happier overall
- Become team players and care more about protecting our environment
