

## TROOP GROUP TRAVEL

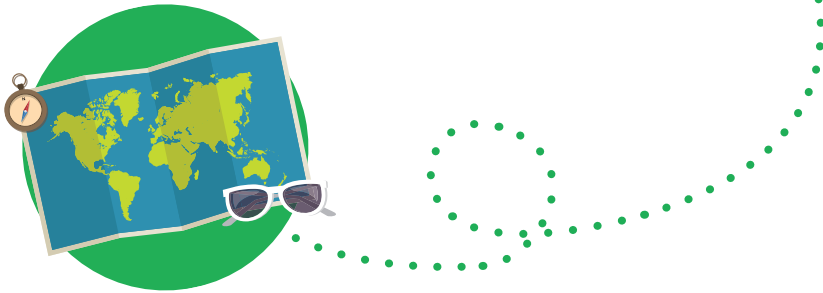

Traveling offers vast opportunities for girls to develop leadership skills. Girl Scout travel is built upon a progression of activities and girl-led processes. Girl Scout Daisies, for example, can begin with a discovery walk planned by the leaders. By the time the girls are Cadettes or older, they are able to plan their own national and international travel.

### Choose this “Travel” option...

- Travel**  
Complete an overnight, weekend, or advanced domestic trip, like San Francisco Bridging, with your troop. See the travel progression chart at [sdgirlscouts.org/travel](http://sdgirlscouts.org/travel) (also found in Let's Go!) for descriptions of the different levels of travel.

### ...Or choose three or more of these Travel Preparation activities.

- Interview** an older Girl Scout about her travel adventures.
- Make a traditional food**, craft, or piece of art from another country.
- Attend the Destinations Expo** and participate in Hostelling International's Passport to Adventure program.
- Go camping** with your troop.
- Earn the First Aid badge** for your program level.
