

Meeting Safely

Girl Scouts take care of each other and their communities!

When at Girl Scout meetings or activities, they:

**Answer
screening
questions**

**Wash or
sanitize hands
often**

**Wear a
mask
that fits**

**Keep 6 feet
away
from others**

**Meet
outside**

**Let's keep
each other
safe!**

COVID Screening Questions

In the last 72 hours, have you had any of these symptoms, not attributed to another health condition:

1. Cough?
2. Shortness of breath?
3. Headache?
4. Loss of taste or smell?
5. Chills, repeated shaking, muscle pain, sore throat, nausea, vomiting, diarrhea?

In the last 14 days, have you:

1. Come into close contact with someone diagnosed with COVID-19?
2. Been asked by a health care provider or public health official to quarantine (stay home)?

Take temperatures if you have a no-contact thermometer.

Send participants home if they answer yes to any of the questions, or have a fever of 100.4 degrees or higher.

Capture names and answers and keep for 3 months. Use the Screening Questions docs on www.sdgirlscouts.org/stayingconnected. It's ok to use a digital version. Do not share participant health info with others.
