Introduction

Looker is an online tool that provides current (within one business day) membership information for Girl Scout volunteers to provide the best possible service and support to our members world-wide. As a volunteer supporting local Girl Scout troops, events, or functions, you’ve been provided access to Looker as a means to deliver this support and ensure girls fulfill our mission. Thanks for respecting the sensitivity of the information by not sharing your log-in information or downloading full reports and sharing them with others without local council authorization.

Looker enables service unit teams to ensure local volunteers and girl participants have current memberships and provides detailed membership information to inform planning and participation in local events or trainings.

💡 Call out: Looker is available to volunteers approved by Girl Scouts San Diego. Volunteers with access to Looker have:

- received training
- completed an approved background check
- signed a non-disclosure agreement

Do not share log-in information or Looker access with any volunteer who has not met these criteria. Please contact your service unit support specialist with any questions about this topic.
Confidentiality Agreement
Girl Scouts San Diego

This confidentiality agreement should be signed by anyone accessing personal and confidential information within ‘Looker’ and applicable Girl Scout data-stores, where no equivalent agreement is in enforcement.

By signing this statement, I am indicating that I understand my responsibilities to maintain confidentiality and agree to the following:

1. I will access data only for the agreed purpose for which I am authorized explicitly. On no occasion will I use this data, including personal or confidential information, for my personal interest or advantage, or for any other business purposes.
2. I will maintain the privacy and confidentiality of all accessible data and understand that unauthorized disclosure of personal/confidential data is an invasion of privacy and may result in my volunteering role with Girl Scouts San Diego being terminated with immediate effect, plus civil and/or criminal actions against me.
3. I understand that where I have been given access to confidential information I am under a duty of confidence and would be liable under common law for any inappropriate breach of confidence in terms of disclosure to third parties and also for invasion of privacy if I were to access more information than that for which I have been given approval or for which consent is in place.
4. I will not disclose confidential or personal data or information to anyone other than those to whom I am authorized to do so.
5. All personal or confidential information will be kept secure while in my custody and no copies (downloads, screen captures-recordings, etc.) or notes containing personal identifiable information will be retained by me on completion of the agreed duties.
6. I understand that my access and activity within Looker and applicable Girl Scout data-stores will be logged and may be audited by Girl Scouts San Diego or GSUSA.
7. I agree to notify Girl Scouts San Diego immediately should I become aware of an actual breach of confidentiality or a situation which could potentially result in a breach, whether this be on my part or on the part of another person.
8. If in doubt about any aspect of handling confidential or personal information, I will check with the assigned Girl Scouts San Diego staff member.
9. Should my work in relation to the agreed duties discontinue for any reason, I understand that I will continue to be bound by this signed Confidentiality Agreement.

A Note on Confidentiality

As service unit team members, you are the keepers of confidential information. Be diligent in complying with your position responsibilities.

So, what can you share with other team members?

Adult volunteer’s information only – Adult Volunteer’s name, email address, phone number, troop number, grade level, and number of girls in the troop. Adult volunteers understand that their email addresses will be shared for Girl Scout email information only.

Girl and family contact information should only be shared with troop leaders.

Navigating the Looker HOME Page

Always click on the top left hand side of any screen to return to Looker’s HOME page.

HOME page:

Sidebar of the HOME page. Each section will bring you to the same 4 Dashboards that the tiles will bring you to.
A. Full Roster

The Service Unit Full Roster offers the complete information of every member of the service unit. This report may be most useful for:

- organizing information about service unit membership
- identifying troops that are not meeting troop membership guidelines
  - (i.e. Do troops have two background checked or unrelated adults in the troop leader and/or assistant leader role?)
- creating contact lists for specific service unit projects or events
- monitoring membership registration and renewals
- looking for trends in membership participation (i.e. schools, grade levels, troop adult roles, etc.)

Full Roster webpage filters

1. Filter on year (Last Year, Current Year, or Next Year)
2. Filter on service unit (one or more depending on roles held)

3. Filter on troop or group

4. Click RUN to see filters get applied
Full Roster: Sort and Filter the Data

The Full Roster in this section has been simplified to protect volunteer information and for ease of demonstration.

1. **Open the roster.** At first, you will see a ton of information. Start by looking at the top row to see the categories the information is grouped under:

<table>
<thead>
<tr>
<th>A</th>
<th>B</th>
<th>C</th>
<th>D</th>
<th>E</th>

</tbody>
</table>

   The Full Roster includes information regarding:

   - service unit, troop/group, membership type, position, name, contact information, school, and grade

   Two other types of information are offered to the far right *(not pictured)*:

   - background check information for adult volunteers
   - photograph permissions

   **Call out:** Volunteer background checks must be renewed every three years. Volunteers with expired background checks will also receive the link to renew their background check at the time they renew their membership for the next year.

   You can also delete columns you do not find useful. Just “right click” at the top of the column and click “Delete.”
2. Sort the roster.

Begin by selecting “Custom Sort” from the HOME tab.

Add two levels to make three levels total and use the drop down menus to set the sort fields as shown. Then click “OK.”

Now, you can scroll through the roster to identify:
- independent members, camp members, or members “Seeking a Troop”
- service unit team members
- adult and girl members in each troop

Notice you can scroll through the roster and see Girl Scout members by troop/group.
3. Filter the roster.

Now that the roster is sorted by troop, you can filter the roster to only show members of a designated category.

Begin by selecting “Filter” from the HOME tab.

Notice, drop down menus appear at the top of each column. You can open the drop down menu and select the categories that you wish to display. Common filters include:

- position (i.e. troop leader/assistant leader, TCM, troop treasurer, etc.)
- by school (i.e. see how many Girl Scouts attend each school in your community)
- grade level (i.e. all Girl Scouts in grade 5 or all Girl Scouts in grade 12)

💡 Call out: Grade 5 is a big year of transition for troops. It is important to connect with troops bridging from Juniors to Cadettes early and support their members as they decide next steps.
B. Membership Analysis

The Service Unit Membership Analysis offers visuals and charts that can help you make quick sense of the membership in your service unit. This report may be most useful for:

- tracking membership renewal by the numbers year over year
- looking for trends in membership types, troop adult roles, or girls’ grade levels
- sharing general service unit membership information with other volunteers without sharing the personal information of troops or Girl Scout members

Membership Analysis webpage filters

Filters are the same as the filters on the Full Roster Dashboard:

1. Filter on year (Last Year, Current Year, or Next Year)
2. Filter on service unit (one or more depending on roles held)
3. Filter on troop or group
4. Click RUN to see filters get applied

After selecting Filter values, Click Run.
C. New in the Last Two Weeks

The New in the Last Two Weeks report offers a glimpse of the new members to the service unit. This report may be most useful for:

- identifying the volunteers who have recently accepted or moved into a new position
  - (When a volunteer changes positions, this adjustment is shown on the New in the Last Two Weeks report.)
- confirming the contact information of new troop leaders to assist in new leader outreach
- looking for new troops that recently launched, or troops that have added new members

New in the Last Two Weeks webpage filters

Filters are the same as the filters on the Full Roster Dashboard:

1. Filter on year (Last Year, Current Year, or Next Year)
2. Filter on service unit (one or more depending on roles held)
3. Filter on troop or group
4. Click RUN to see filters get applied
D. Troop Details

The Troop Details report offers a snapshot with the key information for every troop in the service unit. This report may be most useful for:

- identifying the troops that are open or closed on the Opportunity Catalog
- gathering basic troop information at a glance
- confirming troop meeting information with troop leaders and assistant leaders, then sending updates to customercare@sdcosasgirlscouts.org

Troop Details webpage filters

Filters are the same as the filters on the Full Roster Dashboard:

1. Filter on service unit (one or more depending on roles held)
2. Filter on troop or group
3. Click RUN to see filters get applied
Troop Details: Sort the Data

The Troop Details report in this section has been simplified to protect volunteer information and for ease of demonstration.

1. Open the Report. At first, you will see a ton of information. Start by looking at the top row to see the categories the information is grouped under:

The report includes information regarding:

- service unit, troop/group, participation type, program grade level, meeting information, girl membership totals, and whether the troop is displayed as open in the Opportunity Catalog

You can delete columns you do not find useful. Just “right click” at the top of the column and click “Delete.”
2. Sort the Report.

Begin by selecting “Custom Sort” from the HOME tab.

Once you select sort, you can sort the roster by each category. When you are selecting how to sort the roster, there are some things to consider:

- “Troop/Group” will organize the troops by number in chronological order
- “Program Grade Level” will group troops as Daisy, Brownie, Junior, etc.
- “Girls Assigned” will group troops by size
- “Display in the Catalog?” will group troops by “yes” or “no”

By sorting by “Program Grade Level,” we can see this service unit has one Brownie troop displayed as open in the Opportunity Catalog.

The Troop Details in this section has been simplified or edited to protect volunteer information and for ease of demonstration.
