Community Partners

15 minutes

Our community partners — organizations approved by Girl Scouts San Diego to offer events and activities based on the Girl Scout Leadership Experience — offer unique enrichment opportunities that include badge workshops, patch programs, community service and loads of other things to do! Explore our community partners and find something for your next outing. Visit sdgirlscouts.org/community-partners for the most current list. Please note, while this list is updated frequently, not all Girl Scout community partners are featured on the webpage.

Ask attendees if they have participated in any community partner events or where volunteers have gone in their neighborhood. Share the list of community partners with the group. Loathing

Activity: Separate into groups of 2-4 volunteers. Have each group pull up the community partner page on the GSSD website (link in intro), then ...

1. Find three partners they're not familiar with that sound intriguing.
2. Find one badge workshop, one patch program and one community service opportunity.
3. See if they can find a community partner that offers programs to their troop's age level.
4. Report back on what they found.

Wrap-up: Let participants know that at sdgirlscouts.org/insurance, they can see vendors and venues who have submitted a certificate of liability insurance. While they haven't been vetted as community partners have, the list provides other options for something fun to do with your girls.

How do I learn more about community partners?

- Check our community partner page, frequently updated with new organizations: sdgirlscouts.org/community-partners.
- Attend our Volunteer Conference and Celebration or Councilwide Bridging Ceremony, where many community partners participate in an expo and showcase their program offerings.
 - Read our *GS Bi-Weekly* e-blast.
 - Contact your regional troop support specialist for any additional questions about community partners and their programming.
