

Hikerfest! 2024

Presented by Girl Scouts San Diego Hikers and Backpackers

Saturday, Oct. 19, 6–9 p.m.
Balboa Campus, Florence Burnham Hall

This hiker party is open for all experienced, brand-new, and future hikers! We welcome Girl Scouts 11 years and older and their adults to meet our hiking and backpacking volunteers for a night of fun, film, and friendship! Attendees will learn about the amazing trips the girls went on this past year and get excited for the new trips planned for 2024.

In order to be self-sustaining, this year has a registration cost of \$5.

Want to be an active part of the party? Email a photo of you in the outdoors for the group video or a 1-minute video of you and your group participating safely in an outdoor advocacy project or a cool trip to annfunk@hotmail.com by Oct. 5, 2024.

Meet Special Guest Speaker, Allison Cusick!

Allison Cusick is an adventurer and scientist who specializes in understanding polar ecosystems. She co-created and manages FjordPhyto, a citizen scientist project which combines Antarctic travelers with cutting edge polar research. She is an active outdoorswoman who appreciates the harsh polar maritime environment. She runs, cycles, hikes, swims, dives, travels the world, and wants to learn everything. She inspires others to be creative, take risks and follow a path which best suits them, even if it seems unconventional.

6–7 p.m.

Ice cream social
Bring your own spoon and bowl

7–9 p.m.

Videos, 2025 trip presentations, prizes
Special guest speaker: Allison Cusick
